

California Association Law Enforcement Background Investigators Membership Application

OBJECTIVE OF MEMBERSHIP

- To continually upgrade law enforcement background investigations by providing training and information to members and member agencies
- To provide a forum for an exchange of information, ideas, techniques and other areas of mutual concern or interest in the area of law enforcement background investigations.
- To support legislation considered to be beneficial to law enforcement background investigations.
- To provide coordination in development of law enforcement background investigations training classes, which may qualify for State, Federal or private financial support, sponsorship or other means of implementation.
- To practice and encourage cooperation between law enforcement agencies and public or private sector entities which provide (or benefit from) effective law enforcement backgrounds.

PURPOSE

The California Association of Law Enforcement Background Investigators is dedicated to the improvement of background investigations in law enforcement. The purpose of the organization is to facilitate and increase the quality and effectiveness of entry level background investigations through knowledge and evaluation of relevant Federal and State laws, and to promote cooperation among member law enforcement agencies.

In the furtherance of these goals CALEBI provides training classes several times a year in different locations throughout the state. Instructors come from all ranks of law enforcement including POST and private sector that provide services to law enforcement agencies.

CALEBI has been organized as a professional organization since 1979. The association consists of an elected President, Vice President, Secretary, Treasurer and four member Board of Directors.

Members receive an established network of other agencies and members who can provide information and assistance to help them and their agencies stay on top of the latest developments in background investigation techniques, laws and procedures.
